

Recycled Content, Stainless Steel Products

Wallguard.com manufactures several impact protection products in stainless steel. Our stainless products include corner guards, crash rails, door frame guards, and sheet products such as kick plates and push plates. The stainless steel used in these products has an average recycled content of 60% with a 5% range of variability. The recycled content is 100% post consumer.

Various products with average recycled content by weight:

Product	Description	Overall Weight	Recycled Content
2330	Corner Guard 3-1/2"	1.42 lb/ft	0.85 lb/ft
2330.1	Corner Guard 2"	0.80 lb/ft	0.48 lb/ft
2330.2	Corner Guard 1"	0.39 lb/ft	0.23 lb/ft
2330.3	Corner Guard 3-1/2"	1.42 lb/ft	0.85 lb/ft
2330.4	Corner Guard 3-1/2"	1.42 lb/ft	0.85 lb/ft
2330.5	Corner Guard 3-1/2"	1.42 lb/ft	0.85 lb/ft
2182	Crash Rail 5-1/2"	1.89 lb/ft	1.13 lb/ft
2182	Crash Rail 5-1/2"	1.78 lb/ft	1.07 lb/ft
2181	Crash Rail 3"	2.55 lb/ft	1.53 lb/ft
2181	Crash Rail 4"	3.40 lb/ft	2.04 lb/ft
